

## EURAXESS ASEAN Flashnote

### Switzerland: CERN - incoming Non-Member State Postdoc Fellowship Programme. Deadline 15 October, 2016

2 post-doc positions for young scientists in Theoretical Physics from Non-Member States. ASEAN researchers eligible. Applicants should have a maximum of 10 years of research experience after the degree which gives access to doctoral programmes. Details [here](#).

### France: Institut Pasteur – Paris University International Doctoral Programme. Deadline 14 November, 2016

Open to applicants holding a Master degree in science, medicine or related fields from a non-French university and who are fluent in English. The stipend covers the successful students' living expenses and health insurance during the duration of the contract (three years). Students conduct their research in one of the 120 laboratories of the Institut Pasteur. More information [here](#).

### Germany: DAAD Scholarships for Graduates from Developing and Newly Industrialised Countries

The scholarships offer foreign graduates from development and newly industrialised countries from all disciplines and with at least two years' professional experience the chance to take a postgraduate or Master's degree at a state or state-recognised German university, and in exceptional cases to take a doctoral degree, and to obtain a university qualification (Master's/PhD) in Germany. More information [here](#).

### Netherlands: Opportunity for ASEAN Researchers to Work at Dutch Universities and Research Institutes. Deadline 1 November, 2016

The Visiting Professors Programme (VPP) offered by the Royal Netherlands Academy of Arts and Sciences enables outstanding foreign researchers to spend time working in the Netherlands. The Academy funds a research budget and covers the Visiting Professor's travel and accommodation expenses. The Dutch university acts as the host organisation. All disciplines are eligible. Details [here](#).

### Europe: EUI Max Weber Postdoctoral Fellowships in the Social Science and Humanities. Deadline 25 October

The Max Weber Programme is the largest international postdoctoral programme in the Social Sciences and Humanities in Europe. It offers around 50-55 fully funded Fellowships to qualified researchers from anywhere in the world. The majority of Max Weber Fellowships are for one year. Details

### United Kingdom: Wellcome Intermediate Fellowships in Public Health and Tropical Medicine. Researchers in ASEAN Eligible. Deadline 28 November 2016

This scheme helps mid-career researchers from low- and middle-income countries establish independent research programmes in those countries. The scheme aims to support research that will improve public health and tropical medicine at a local, national and global level. Deadline 28 November 2016. More information [here](#).

**Austria: IIASA Postdoctoral Fellowships. Next call 5 October 2016. Researchers from ASEAN Eligible**

The International Institute for Applied Systems Analysis ([IIASA](#)) conducts policy-oriented research into problems of a global nature using an interdisciplinary approach: Energy and Climate Change, Food and Water, Poverty and Equity. The 2 year fellowships cover a monthly allowance, relocation expenses and some travel costs. Details [here](#).

**Europe: European Molecular Biology Laboratory – International PhD programme. Deadline 17 October, 2016**

The EMBL International PhD Programme is Europe's 'best in class' PhD programme for the life sciences. Two-hundred and forty students from over 40 countries are carrying out PhD research at EMBL at any time. Applicants of all nationalities with a university degree that would formally qualify them to enter a PhD or equivalent programme in their home country are invited to apply. Details [here](#).

**Thailand - France: Young Researcher Fellowship Program. Call Now Open. Deadline 25 October, 2016**

The Junior Research Fellowship Program aims at jumpstarting the career of young Thai researchers by giving them the opportunity to develop promising collaboration with their French counterparts. This program supports Thai Post Docs to spend between 2 to 6 months working at a laboratory in France. Thai candidates must be completed their PhD by February, 2017 prior to leaving for France. Details [here](#).
